STRIKES PREVAIL.

Brickmakers Fighting the Knights of Labor.

CHICAGO SWITCHING ASSOCIATION.

The Strike on the Chicago and Alton The Tariff Bill in the Senate—Eastern Racing.

NEW YORK, August 26th.—The brick tie-up to-day is perfect. Ninty taree per cent of the producers have signed the manufacturers' agreement and the remainderare expected to come in to-day or to-morrow.

About a million brick will be received to-day and these will ve the last shipments until the boycott of the Knights of Labor against the Verplanx Factory is raised. The manufacturers are determined and well organized and have established a fund for the payment of penalties which individual manufacturers may incur by not filling contracts. If the boycott is persisted in by the Knights of Labor nearly one hundred thousand men will be thrown out of employment.

CHICAGO, August 26.—The strike of the switchmen of the Stock Yards Switching Association, after the adjustment of the grievances of the engineers and firemen put a new phase on the situation and this morning it was decided to dissolve the association and allow each road to do its owa switching. The old men were told their services were no longer needed and others were procured to do the switching. Superintendent Marsh went to the stock yards this morning at the head of 300 men to take charge of the police arrangements there and see that no acts of violence were committed by the strikers.

The strikers have given up the fight. They will this afternoon send a committee to the railroads, asking to be taken back at the old rate of wages.

CHICAGO, August 26.—The switchmen on the Chicago and Alton Railroad have struck because the company wished to put one of its old employes in charge of the yard at Brighton. About forty-five men are out altogether. Passenger trains are moving all right, but the freight trains are tied up.

EARLY IN SEPTEMBER.

The Senate Will Come to a Vote on the Tariff.

WASHINGTON, August 26.—In the Senate, the memorandum offered yesterday by Aldrich fixing the time for consideration of and voting on the Tarifl bill was presented. After some discussion, it was agreed to by unanimous consent.

The conference report on the Sundry Civil Appropriation bill was read. The paragraph in regard to reservoir sites, which reserves from entry all such sites, was criticised by Sanders, who thanked the Senate conferees ironically for having sacrificed the interests of the people of Montana to the wishes of the House.

Allison defended the action of the Senate conferees, and explained the extreme difficulty which they encountered in dealing with the subject. He reviewed briefly the history of the irrigation survey, and charged that the House was responsible for engrafting the reservation in the arid land provision in the Sundry Civil appropriation bill in 1888, thereby causing all the trouble. He avowed it had been intended by the Senate conferees to have the whole irrigation survey wiped out of existence as far as possible, but they had been confronted by people who insisted that the survey should go on, and become part of the settled and permanent policy of the Government. The result had been the provision now proposed to be inserted in the Sundry Civil bill. That provision was not what he would have wished it to be and was not what the Senate conferees wished, but it was the best solution they could secure.

Reagan defended the past action of Congress in the matter of reserving reservoir sites from settlement and said that if it had not been for that reservation those lands would have been seized by speculators and syndicates.

After some debate, the conference report was agreed to, and the Tariff bill was again taken up.

TODAY'S RACING.

Events of Greater or Less Importance Decided.

SARATOGA, August 25.—First race, three-fourths of a mile—Variella filly won; Avelon, second, Eugene, third. Time, 1:19.

Second race, six furlongs—Veronica won; Lady Pulsifer, second; Almont, third. Time, 1:17¾.

Third race, Kenner stakes—English Lady won; Sir John, second; Costa Rica third.

Fourth race, six furlongs—Pearl Set won; Mabel Glenn, second; Marie Lovett, third. Time, 1:17¾.

Fifth race, mile—Hydy won; Salute, second; Marie K., third. Time, 1:49½.

MONMOUTH, August 26.—Seven furlongs—Ted Venture won; Annie Boyle, second; Brussels, third. Time 1:28.

Three-quarter mile—Castalia had a walk-over.

Mile and one-half—Tretary won; Rhona, second; Lavinia Belle, third. Time 2:31.

NO QUORUM.

The House Appears to Be Running Shorthanded.

WASHINGTON, August 26.—In the House, it was contended that the first business was the Conger Lard bill, the vote upon the passage of which on Saturday was inconclusive, owing to the absence of a quorum. Baker of New York argued that the other business on the Speaker's table must first be disposed of. After considerable debate on the subject, Speaker Reed decided that the question before the House was the roll call on the passage of the Lard bill. Mason of Illinois appealed from the decision. On sustaining the decision the vote showed no quorum, and a call of the House was ordered.

FRUIT SALES.

Prices Realized in Eastern Auction Marts.

CHICAGO, August 26.—The Earl Fruit Company sold four carloads of Bartlett pears, $3 15 to $3 65; ripe, $2 75 to $2 80; Buerre Hardy pears, $2 15 to $2 25; Eastern Buerre pears, $2 30; Gross prunes, $1 75 to $1 90; Orange cling, $1 45 to $1 80; Susquehanna, $1 70 to $1 90; half crates Tokay grapes, $2 05 to $2 75; half crates Muscat grapes, $1 40 to $1 60; Malaga, $1 45. The fruits were in fair condition.

Reinstated.

WASHINGTON, August 26.—Captain Allen Reed, recently investigated by a naval court on charges preferred by Admiral Gillis, has been restored to his old command of the United States steamship Richmond.

Imperial Tokay.

PESTH, August 26.—A fire broke out yesterday at Tokay, the entrepot for the noted Tokay wine. The whole town except thirteen houses, was destroyed.

LARGE MINING CLAIMS.

Stockholders Who Believe They Have Been Duped.

A lawsuit involving considerable money has been transferred from Sierra county to this county for trial. The complaint which is a voluminous one was received at the County Clerk's office this afternoon, and tells an interesting story of many large mining transactions. Charles W. Hendel is the plaintiff, and he seeks to recover $15,580 from B. F. Baker of this city, claiming that the defendant was guilty of fraud in certain transactions. The litigants both owned certain shares of stock in various mines in Sierra county. In 1871 they conveyed their respective interests to the Pioneer Mining Company in trust, to obtain a patent for all the claims, which was done. The stockholders then agreed to sell their stock for $1000 a share, and Baker was authorized to negotiate the sale. W. S. Chapman and A. L. Sayre agreed to purchase the stock, besides other mining claims of the corporation for the sum of $275,000. In the transaction the stock of the Pioneer Company was rated at $1000 a share. The plaintiff claims that when the defendant negotiated the sale, he informed the former that the stock of the Pioneer Company was only rated at $750 a share, and that was the highest figure he could get, and falsely represented that he had to throw in other claims at a nominal rate, in order to carry through the transaction. Upon these false representations the plaintiff parted with his stock of the Pioneer Mining Company and also his other mining claims, it was not until Baker got into a lawsuit that the plaintiff discovered that he had been duped and that Baker was interested in the purchase with Chapman and Sayre. S. B. Abbott and Alemby Jump also held stock with the plaintiff with which they parted, like Hendel, on the same representations, and they have assigned their claims to the plaintiff. Therefore it is that Hendel wants $15,580, claiming that to be the amount the defendant received belonging to the complainants, for which he gave no account.

THE LATE HORACE F. PAGE.

Funeral Services Conducted in Oakland This Afternoon.

Men Prominent in the State Carry the Coffin Which Contains the Body of the Former Representative.

Accompanied by a sorrowing throng and surrounded by all the emblems and trappings of woe, the remains of ex-Congressman Horace F. Page were this afternoon, interred in Mountain View Cemetery.

The funeral cortege left the residence in San Francisco soon after noon, and was escorted across the bay by a distinguished party, the pallbearers being ex-Governor Pacheco, Judge Blanchard, J. W. Ruddick, Mr. Voorhees, H. J. McCasick, Philip Teare and William Hamilton.

The said party came by the creek route, and on arrival on this side were met by an escort of honor, consisting of Judge McFarland, Judge Fox, Horace Davis, Ex-Naval Officer J. J. Watson, Ex-Surveyor General Brown, United States Marshal Long and Ex-Governor Perkins. The San Francisco pall-bearers then relinquished their posts of honor and were relieved by members of Oakland Lodge No. 188 of Masons, who took charge of the remains until all was over. The pall bearers, as the funeral train wended its way slowly to Hamilton Hall where the services were to be held were S. T. Gage, W. T. Gibbs, W. E. Dargie, Captain Blaisdell, Mr. Hume, Sheriff W. E. Hale, Captain W. F. Fletcher and D. W. Standeford.

The hearse was preceded by the Masons in full regalia, and carrying their white wands, tipped with black. On arrival at Hamilton Hall, which was already nearly filled with mourners, the Masonic brethren took position in a section allotted for them. As the casket was borne into the building Organist Weiner played a funeral march of his own composition, and to its sad strains the coffin was conducted to its place in front of the platform. Arranged about were many handsome floral emblems, among them being a large column, "Gates Ajar," a bank bearing the words "Our Beloved Father," a vase, tablet and circle encircled by the word "Rest."

The form of services which were conducted by Rev. C. W. Wente, was the same as that used at the funeral of Charles Sumner, and after the 90th psalm had been rendered the choir, consisting of Benjamin Clark, C. E. Lloyd, H. A. Melvin and George Carleton, sang Dow's "Consolation." Then there was a reading of the scriptures by Mr. Wente, who followed it by an address. The choir then sang Davenport's "Heavenly Father Will Thou Lead Us," and after this, prayers were offered and addresses made by Horace Davis and Judge Fox. Then another anthem, and after the choir had given Mason's "Nearer, My God, to Thee," the benediction was pronounced, and the march to the grave began.

The organist played Beethoven's Grand Funeral March as the coffin was borne out of the church, and accompanied by a long train of carriages, the hearse moved toward the cemetery.

At the grave side the Masons took charge of the ceremonies, for the deceased was a prominent member of the Georgetown lodge and the burial was performed with all the observances of the Masonic ritual.

A Mild Forenoon.

At noon today the temperature was 67 degrees.

A discovery in ethnological and Masonic lore is announced by Rev. Hackett Smith, a rector of Lincolnshire. While in Lebanon Mr. Smith was admitted to the most secret intimacy with the Druses for having saved the life of a young man by sucking the venom of a snake bite from his body. He was initiated into the Druse's hitherto unknown mysteries, and in these the natives startled him as a Freemason by using the most characteristic of Masonic signs. Hence he argues that the Druses are none other than a branch of the great Phœnician race, whose ancestors supplied the Lebanon cedars for Solomon's temple.

THE SAN FRANCISCO.

The New Cruiser Arrives at Santa Barbara.

MAKING A VERY SUCCESSFUL TRIP.

Maintaining a Speed of Thirteen Knots an Hour—Ready for the Official Trial Tomorrow.

SANTA BARBARA, August 26.—The new cruiser San Francisco, which left San Francisco harbor at 1 o'clock yesterday afternoon to have her official trial trip in Santa Barbara channel, arrived off Santa Barbara at eleven o'clock this morning, having made the run of nearly 300 miles in about twenty-two hours at an average speed of a fraction over thirteen knots an hour. The run was made without a slip of the machinery, and when the cruiser came to anchor here this morning there was no indication that she could not have continued the run indefinitely. Every engineer aboard the steamer declared that the engines could not have worked better, and the opinion was freely expressed that she would make a record on her trial which would give her builders a handsome premium.

The San Francisco will lie at anchor here this afternoon and to-night, during which time her machinery will be thoroughly cleaned and every preparation made for the official trial which will occur tomorrow morning. The cruiser left San Francisco shortly after noon on Monday, and received salutes from the factory whistles, tugs and ferry boats as she passed down the bay. Although she had been given a number of preliminary trials during the last few weeks, her trips had been confined entirely to the bay and she passed through the Golden Gate into the open sea for the first time yesterday. When her bow was turned toward the south, a strong head wind was encountered, but the sea was light, and there was scarcely any roll perceptible. The cruiser soon got down to an even pace of about twelve knots, which was increased to a little over thirteen within the next hour. She maintained this rate of speed until Point Concepcion, the northern end of the trial course, was reached, at eight o'clock this morning. When the revolutions were increased from seventy-three to ninety-three her speed was at the rate of sixteen knots an hour. During four hours yesterday afternoon the engines made seventy-five revolutions per minute, giving the vessel a speed of sixteen and four-tenths knots per hour. In the evening the engines were slowed down slightly, and during the night they made seventy-three revolutions, giving a speed of thirteen and three-tenths knots during the entire run. The engine rooms and fire rooms were perfectly comfortable, and not the slightest trouble was indicated on the part of the machinery.

Arizona Republicans.

PHŒNIX, August 26.—The Republican Territorial Convention assembled this morning. On account of the non-arrival of delegates from Apache, Graham, Cochise, Pima and Mohave counties, who were delayed by railroad washouts, the convention adjourned till tomorrow without organizing.

A PARROT OF PREY.

A Remarkable Taste for Mutton Developed by Poll.

St. Louis Republic.

A singular bird has recently been added to the collection in the London Zoological Gardens—the much talked of carnivorous parrot, which confines its love of animal flesh almost exclusively to mutton. According to the naturalists that have examined this *rara avis*, it possesses two qualities heretofore unknown in birds of its species. The first is this flesh-eating propensity, an exception to the whole parrot family, which is frugivorous, living on fruits, seed, leaves, buds and the like; and second, the fact that this carnivorous taste is not natural, but acquired.

This curious bird is the kea (Nestor notabilis), or mountain parrot, and comes from New Zealand. Its general color of plumage is green; its length from point of bill to extremity of tail, twenty-one inches; its bill, two inches, with upper mandible much curved and very strong. It inhabits the higher wooded glens and dark recesses of the mountain districts of the island above-named and like the owl, is generally nocturnal in its habits. Although the kea has been known to ornithologists since 1856, the above specimen is the first of its kind that has ever been exhibited alive in Britain. In the time of the Maori rule in New Zealand the bird was as innocent and harmless as any of the parrot species and it was not until the higher tracts of this country were utilized as sheep runs, that the kea was tempted to desert its fruit-eating habits and join the destructive array of the carnivora.

About 1868 it was noticed that the sheep of the uplands were suffering from sores and scabs in the region of the loins, and that almost invariably the sufferers were those fattest and healthiest. Many discussions ensued as to what could be the cause of this singular state of affairs. At last a herder said that he believed that the parrot did it, but was only laughed at, yet subsequent events proved his theory the correct one. Soon after some of the shepherds saw the feathered cannibal seated on the hips of a sheep helping himself to a dish of live mutton. From that day forward the bird was known as the sheep-eating parrot—the feathered wonder of the antipodes.

The Stanley Plate.

Exchange.

Mr. and Mrs. Stanley have a solid silver dinner service consisting of 36 table forks, 24 table spoons, 24 dessert spoons, 24 dessert forks, 24 teaspoons, 1 soup ladle, 2 gravy spoons, 4 sauce ladles, 18 dessert knives, 18 dessert spoons, 18 dessert forks, 18 ice spoons, 8 helping spoons, pair grape scissors, pair sugar tongs, 4 dessert dishes, 1 epergne, 4 entree dishes, 2 candelabra, 2 chased beakers and 2 sauce boats. These desirable articles are presented by the Emin Pasha Relief Committee to "Henry M. Stanley, on his wedding day, July 12th, 1890, in commemoration of duty nobly done and a great enterprise splendidly achieved in Darkest Africa."

OAKLAND'S BUILDINGS.

Some Advice Concerning Municipal Architecture.

Chronicle.

Oakland certainly seems to be a city of ideas in municipal matters. In a recent message to the City Council, Mayor Glascock, in approving an appropriation of $18,000 for the erection of an engine house on the City Hall lot, in the rear of the present City Hall, called to the attention of the Council the advisability of having plans so drawn as to make the structure a part of a large city building eventually to be erected. Auditor Snow is also a firm advocate of this idea, and has several times suggested the propriety of taking the initial steps.

There was at one time considerable talk of selling the present site and buying elsewhere, but that has been given up, both because available property elsewhere is held at very high figures and because the location of the present site is in every way desirable. There is no real necessity for extending Washington street through to San Pablo avenue, which was the chief argument urged in favor of selling the present City Hall property.

To consolidate as many of the city offices and departments as possible in one building is the only certain way to accomplish anything desirable in the way of municipal architecture. Every city has to be content with sheds and shanties when in babyhood, but when it reaches its full stature it is entitled to have, and should have, something better.

The plan proposed by Mayor Glascock should commend itself to the people of Oakland for its practical good sense. It does not involve the expenditure of a large amount of money to be raised by undue taxation, but it takes thought for the future. Mr. Glascock sees that the people of a progressive city like Oakland will not be satisfied forever with public buildings simply good enough to get along with, so he proposes that, inasmuch as a building is to be constructed, it be so planned as to form part of a fine structure to be built in the future. This is wise and prudent in every way. The engine house is needed now, and is to be built at once. Before long, some other department will need a new building, and it can be added to the engine house; and so, if proper plans be prepared and adhered to, a splendid city building will grow almost insensibly—a building which will not only be useful and convenient, but possessed of architectural beauty, an honor and an ornament to the city.

AN ATCHESON PROJECT.

A Plan to Build a Road Over the Tejon Mountains and to Tide Water.

Probability that if the Road is Constructed, It Will go to San Francisco From This Side of the Bay.

Isaac R. Wilbur, President of the San Francisco and San Joaquin Valley Railway Company, told something of the plans of his company last evening. Although he spoke guardedly of the scheme to construct a line from Rogers station, on the Atcheson road, over the Tejon mountains and down through the San Joaquin valley to tide-water, he did say that the company is reasonably assured of the success of the undertaking, and that actual work would be commenced shortly. He estimated that the cost would be about $10,000,000, and said this money had all been secured, together with $5,000,000 which would be required to extend the system to San Francisco. This looks as if the road was to enter San Francisco from this side of the bay. Mr. Wilbur would not speak of the plans of his road further than that a great deal of the preliminary work had been accomplished, and that the money was to be supplied by Eastern and European capitalists.

The San Francisco and San Joaquin Railroad was incorporated some three years ago with a capital stock of $15,000,000, and the officers of the company are: Isaac R. Wilbur, President; Louis F. Montenegro, Secretary, and Timothy Page, W. J. Little, John S. Wilmur, and the President and the Secretary, Directors.

A Row on Broadway.

A party of drunks created considerable disturbance near the broad-gauge track on Seventh street and Broadway, at 7 o'clock last night, and one of their number, named Frank McKee, was arrested and charged with using vulgar language, as well as with drunkenness. He forfeited $10 bail money when the case was called this morning.

George Reeves, another of the party, was also taken to the police station and was charged with disturbing the peace. He pleaded not guilty this morning, and demanded a jury trial, which was set for the 28th inst.

JUST ONE DOLLAR.

The Tax Levy for the Current Year.

HOW THE ESTIMATES WERE REDUCED.

All Matters Not Absolutely Necessary Are Held Over—What Is Eliminated.

With the pruning of the estimates, as suggested by Auditor Snow to the Council last night, the tax levy will be $1. In applying the knife to the demands of the different departments, Mr. Snow did not regard the amounts he cut out as exorbitant or unnecessary, but simply because, as reductions had to be made, the things that were the least necessary he proposed to leave to some other time.

The officials of the fire service do not regard very kindly, however, the manner they have been served. They think that Mr. Snow should not have cut out the $15,000 request for the new engine house, because, as they affirm, the Council last year ordered the building constructed, the ordinance was duly passed and approved by the Mayor, and the plans have been drawn. Others of their requests have also been eliminated from the estimates, which now knock their calls for the following facilities: New Engine Company No. 6, lot and house and salaries of men; hook and ladder company in West Oakland, horses and salaries; houses and salaries of men for chemical engines in North and East Oakland; salaries of men on hose cart and truck in East Oakland; men on hose carriage near Twenty-fourth and Broadway; engine lot, etc., moving and repairing house on Broadway; thirty hydrants.

In the Fire Alarm and Police Telegraph Department the revised estimates cut out $7483 of the money asked for reconstruction, on the underground plan, and extension of the system, leaving for that purpose, $5700.

In the Free Library, estimates the request for the new building is cut out.

The demands of the Health Department are shortened by eliminating the moneys for a crematory and a smallpox hospital. The request for a plumbing inspector is, however, allowed.

In the Police Department the request by Chief Tompkins for three mounted men is allowed, but the addition of five pedestrian patrolmen is denied.

As regards the schools, money is cut out for the High school building on Lafayette Square, and for real estate to enlarge the Tompkins and Harrison schoolyards.

The Street Department loses the estimate for material for bitumen cross-walks, and also the $1000 Sundry account.

A reduction of $9000 is made on the complete estimate for Wharf Improvement.

Forty thousand dollars of the Bond Redemption Fund is cut out, leaving $81,000, which amount, if duplicated yearly, will be sufficient to pay the bonds when due, but will not make any allowance for taking up the 5 per cents.

WITH A BROKEN NECK.

Charles S. Holden Dies of an Injury Received Near His Home.

Last Saturday night, Charles S. Holden, a plumber in the employ of Jefress, Mitchell & Co., received an injury which caused his death yesterday. Holden had completed some work on a house at West Oakland, and was driving to his home in Lorin in a buggy. Just as he reached his gate, the horse took fright and ran away. The buggy was dragged against a tree stump and the driver was thrown out and dashed against a fence with such force as to break his neck. The severing of the spinal column resulted in paralysis, but the man continued to live. Dr. Woolsey was summoned to take charge of the case, which was a hopeless one, and the man lingered until last night, when death ended his suffering. The deceased was a married man, 31 years of age, and his body was taken to San Francisco for burial.

CROWLEY VS. CROWLEY.

A Divorce Granted in the Superior Court of San Francisco.

A divorce has been granted by Judge Lawler of the Superior Court of San Francisco to Martha P. Crowley from Dr. D. D. Crowley of this city. The complaint alleged cruelty, and there was no defense to the suit. The custody of the minor child, Pauline, was awarded to the mother, who has returned to her old home in Colusa county.

AMUSEMENTS.

Joseph R. Grismer and Miss Phœbe Davies and their Company, last evening played at the Oakland Theater, the new Melodrama, *Lights and Shadows*, a sensational and exciting play in which Mr. Grismer and Miss Davies have strong parts. While the play is not a great production, it seems to gratify the popular demand for thrilling scenes and it is exceedingly well played by this company. Mr. Grismer's well known ability has not scope for its full expression in the part he plays, but he carries the play with vigor and force. Miss Davies gracefully plays her part, and the support is fair. *Lights and Shadows* will be played every evening during this week, unless Mr. Grismer will accede to a popular request to play *Two Nights in Rome* at least two performances.

In the Fight to Stay.

During the past few days rumors have been prevalent to the effect that County Clerk Charles T. Boardman has withdrawn from the contest for a re-nomination for County Clerk. Mr. Boardman states positively that he has not withdrawn, nor does he intend to withdraw from the contest, and will be a candidate before the convention.

Supervisor W. S. Pelouze states that he has not withdrawn from the contest for the Republican nomination for Senator from the Sixteenth district.

Mrs. Robinson to West Oakland.

At the Chester street Methodist Church last night, Mrs. L. O. Robinson, the eminent evangelist, began a series of revival services. There was great interest manifested. Quite a number asked for prayers, and three persons professed conversion. The public are invited to these services, which will be held every evening until September 7th, 1890.

A Lost Girl.

Annie Nelson, of Forty-fourth street, is reported lost at the police headquarters. She is 13 years of age, and went to Alameda on Sunday, since which time she has not been heard of. She has brown, curly hair, and brown eyes, and wore, when she left home, a faded blue dress with a blue sash.

ANOTHER CHARGE.

The Evidence Against Granger Heaping Up.

James Granger was brought into the police court again this morning and another charge of forgery was preferred against him, the complaint being sworn out by Louis Camp, who deposes that Granger passed on Max Camp a forged check for $25. The paper was issued by W. L. Reed of the Oakland Lumber Company and was made payable to the order of Jane Collins.

Examination on the charge was set for Friday on which day the other cases against him will be brought up.

Granger is a Frenchman by birth, and Detective Holland, who has been working up the case, says that Granger arrived in Oakland only on Saturday last from Indianapolis. Nothing is known at police headquarters here of his previous record.

IN THE FIGHT.

Chief Tompkins Wants the Nomination for Sheriff.

There are now as many candidates for the Republican nomination for Sheriff as there are for the County Clerkship nomination—six each. Chief of Police Tompkins is now making an active canvass for the Sheriffalty nomination. He said this morning that many of his friends had urged him to make an effort for the nomination, and he had decided to do so.

The Republican County Committee will meet to-morrow evening at Piotz Opera House. The purpose of the meeting is to select polling places for the coming primaries, and to appoint the necessary judges and inspectors.

There is an evident intention among Democrats in this city, to trade votes for Markham, for Republican votes for John T. Irish for Congress, several such offers have been reported.

THE LATE DR. M'CRAIG.

Rev. C. W. Wente and Rabbi Levy Officiate at the Funeral.

The funeral services over the remains of the late Rev. Dr. W. W. McCraig were held at 11 o'clock this morning at Hamilton Hall, which was crowded with the many friends of the deceased. Rev. Charles W. Wente officiated, and was assisted by Rabbi M. S. Levy, Past Master Workman, formerly of Mount Hamilton Lodge at San Jose. The floral offerings were many and beautiful, and James G. Clark, the poet singer, assisted the choir and sang two original songs appropriate to the occasion. The pall-bearers were from two lodges of Workmen. The funeral procession moved to San Francisco, where the body was interred at Laurel Hill Cemetery.

LIGHTS IN FRUIT VALE.

A Request for Extension of the Alameda Electric System.

The Proposition to Change the Names of Streets in the Transalpinal City.

ALAMEDA, August 26th, 1890.

At the meeting of the City Trustees last evening, a communication was received from E. C. Sessions, stating that if the cost of extending the electric light wires to Fruit Vale is an obstacle to furnishing six lights to that suburban settlement, the residents there would pay the cost. Mr. Sessions intimated in his communication to the Trustees, that the people of Fruit Vale preferred Alameda to Oakland, saying: "As you may know, the people of Fruit Vale are not desirous of being annexed to Oakland at present, and would be fully as well satisfied to secure our lighting facilities from Alameda." The matter was referred to the Committee on Electric Lights, and will be considered next Thursday evening, when the board will meet as a Committee of the Whole.

A petition was received from A. F. Ives, Mos. J. B. Cooper, O. H. Townsend and others, asking that San Jose avenue be opened, from Versailles avenue to College street. Referred to the city attorney to take evidence.

An application was received from the Edison Company for a franchise to construct and operate a plant in Alameda. Referred to the Committee on Electric Lights.

A petition was received from David Hirschfeld, Captain R. R. Thompson, J. B. Harper and others, asking that High street be graded, curbed and macadamized from Jefferson street to the canal. Referred to the Committee on Streets.

The ordinance embodying all the offenses which have been defined as misdemeanors in other ordinances was adopted.

The ordinance changing the names of the cross streets to numbers came up for final action, but Messrs. Mastick and Everett desired to have the names of Webster and Park streets retained, and the ordinance went over for another week.

The Street Superintendent was instructed strictly to enforce the ordinance requiring trees along sidewalks to be kept trimmed eight feet from the ground.

Trustee Volberg reported that he had investigated the charges against Central Hose Company, and found them true. It was decided to give the company a severe reprimand by the adoption of a resolution of censure for gross neglect of duty.

Alameda Notes.

Some old residents are making a desperate attempt to kill the ordinance changing the names of the cross streets to numbers. No valid objections to the proposed change have been made, and the improvement is desired by all the real estate agents and others who are interested in the welfare and progress of the city. The opposition to the change is based solely on sentiment, which may yet prevail.

Walter Raleigh, who hit a Chinaman in the face inflicting a serious cut the other day, was this morning sentenced to pay a fine of $25 or serve twenty-five days in the county jail. His father paid the fine.

The examination of Willis Bonner on a charge of grand larceny will take place next Saturday before Justice Dyer. Bonner is accused of robbing his brother-in-law, Mr. Cuneo, of $700.

Nearly all the stores in the Boehmer block have been engaged.

"Old Joe" the Mexican, who was arrested for cruelty to animals, for driving a horse that was hardly able to stand, was sentenced by Justice Holtz to pay a fine of $25 or serve twenty-five days in the County jail.

The Chabot Woman's Home.

The dedication of the building of the Chabot Woman's Home tomorrow afternoon at 3 o'clock promises to be a very pleasant affair. Rev. Dr. J. K. McLean will make the prayer of dedication. Mayor Glascock will welcome the guests. Rev. C. W. Wendte will report briefly for the Board of Trustees. Rev. Elbert R. Dille, John P. Irish and others will make short addresses. Various musical friends will add to the enjoyment of the occasion. The entire edifice will be open for inspection and a collation will end the exercises.

No Pie in Sight.

Mark Day a small boy, was hungry last night and stole a loaf of bread from a baker's wagon. Officer Hodgkins detected him, however, and arrested him, and this morning Day was charged with petit larceny, and continuance was taken to tomorrow.

Where Is the Repeater?

City Electrician Carleton is anxiously awaiting the arrival of the repeater. It was due here on the 20th inst., but has not been heard of yet.

THE MONEY GOES.

Why the Expenditures of the City Have Increased.

SOME FIGURES FROM AUDITOR SNOW.

With a Few Deductions by a "Tribune" Reporter—No Alarming Extravagance Apparent Anywhere.

In last evening's TRIBUNE appeared a communication from ex-Councilman F. L. Barker, in which he called attention to the great increase in the expense of running the city government, taking for his comparisons the years from 1881 to 1889, inclusive, and the figures from the Auditor's report of last year's expenses. According to Mr. Barker, the average annual expenses for the six years named were $362,000. In 1881 they were $425,000. These figures do not include money paid for interest on the redemption of bonds. According to Mr. Barker, the expenses for last year, not including interest, $25,000, and $50,000 paid for permanent improvements at the High school, were $500,000.

This morning a TRIBUNE reporter asked Auditor Snow for his explanation of this striking increase. Mr. Snow said that he did not wish to take issue with Mr. Barker and could not vouch for his statements, but he was inclined to believe that if all the figures were available they would show that the increase in expenditures had been gradual from year to year. He regretted very much that he did not have the data at hand, nor did he know of any way to procure it, except by laborious "digging" in books and documents kept without any regard to furnishing the required information. Still, he could offer some explanation of why there had been such an apparent increase.

In the first place, his figures on last year's total expenses do not tally with Mr. Barker's. He puts that total expense, after deducting $20,000 interest and $17,000 set aside as a sinking fund, at $375,000. From this should be taken about $20,000, which is the natural increase in the cost of running the city government since the adoption of the new charter. Of this, the Board of Public Works takes about $5000. Making this deduction would leave $370,000.

The items of last year's expense account, which Mr. Snow thinks should be placed under the head of "Extraordinary Expenditures"—that is peculiar to the year—are something as follows:

Three fire engines	$10,000
Engine house lot	1,000
Real estate for school Department	2,000
Additions to school buildings	3,500
Expenses on account of High school fire	40,000
Wharf construction	28,600
Total	$85,100

Deducting this total from the total of expenditure, there remains $470,470. From this a further deduction of $30,000 should be made for items of a comparison with the years from 1881 to 1889 for the expenses of the patrol system, which was not in operation during those years. This brings the total down to $470,470. Among the other extraordinary expenditures should be classed the cost of establishing two new free reading rooms, but for this Mr. Snow had no figures handy.

Another large increase in expenditure is in the Street Department. During the years cited by Mr. Barker no street work was being done, because of the new Constitution. The streets were neglected, little or nothing was done to improve the city's parks. The sewers got out of repair. Since the Vrooman street law went into effect miles of streets have been improved. Miles of sewers have been laid. The parks have been improved. It has been necessary to expend more money in the care of the streets, both because of their extension and the fact that they were so long neglected. The same is true of the sewers. It costs more to keep up a park than it does to give a vacant lot over to goats and tin cans. Mr. Snow did not have the Street Department figures for 1886, but in 1885 the expenditures were $41,000. Last year they were $61,000—an increase of $20,000. Should this $20,000 be deducted from the last total there would remain $450,470. This is only about $80,000 in excess of the figures of 1889, as given by Mr. Barker. During this time there has been an increase in the assessed value of city property of nearly $10,000,000.

These figures given by Auditor Snow and the deductions made from them by the TRIBUNE reporter, do not show that there has not been an increase in expenditure. They merely go to show that there is nothing alarming in this increase and that there has been no reprehensible extravagance in making the expenditures. They seem to have been warranted by the growth of the city and the unusual demands made on the treasury last year.

AT DR. WOOLSEY'S HOSPITAL.

A Number of the Badly Injured Are Now Convalescent.

Henry Kleuffer, the railroad man who fell from an engine cab some time ago and broke his leg, is rapidly improving at Dr. Woolsey's Hospital, and will soon be able to be about again.

George Ah'born, the switchman who was struck by a freight train in the West Oakland railroad yards, and broke his collar-bone and suffered concussion of the brain, about a month ago, is convalescent and will be able to leave the hospital shortly.

Brakeman Owens, one of the men injured by a switch engine on the old long wharf last week, is getting along well, and will be able to leave his bed within the next two weeks. It will be remembered that Owens's companion was killed, and one leg of Owens was crushed and was amputated at the hospital.

Monroe Arrested.

Mrs. P. S. Monroe of 1658 Telegraph avenue last night summoned the police, and gave her husband into custody on a charge of disturbing the peace. She entered suit for divorce against him several weeks ago for intemperance and failure to provide, and she asserts that he annoys her. The case was called up in the Police Court this morning, and was put over to tomorrow.

A Track-Walker Drowned.

Michael Harrington, track-walker for the South Pacific Coast Railroad, was drowned Sunday night while going along the roadway between Alviso and Newark, near the shooting grounds. He inadvertently stepped from the track off the draw. Some companions were behind him, but too far away to save him. Deceased lived at Newark.

Three Hundred Dollars Forfeited.

There was no response this morning when the name of Ah Chun, charged with selling lottery tickets, was called in the Police Court. The bond of $300 guaranteed by J. H. Smith, Chin Quan and W. M. Kent, was therefore declared forfeited.

An Old Man's Fall.

Henry Stein, an old man, 65 years of age, fell from a hayloft this morning, and received serious injuries. It is believed that he is injured internally. Dr. Dunn made him comfortable at the Receiving Hospital.

Not Gentlemanly.

Tom Smith was taken into custody last night by Officer Carsen for using vulgar language, and on pleading guilty this morning he was fined $10.

Put Over to October.

Michael Murphy, who is charged with renting a house to Chinese lotterymen, had his case continued this morning to October 8th.

ANOTHER STEP.

The Line of the Boulevard Fixed by Ordinance.

UNANIMOUS VOTE IN THE COUNCIL.

The Owners of Property Agree to Give Title to the City to Land Needed for the Great Driveway.

The ordinance determining the land necessary for a boulevard around Lake Merritt came up for final passage last evening in the City Council.

Councilman Camron moved the passage of the ordinance.

Councilman Wakefield said that he did not want to pose as an obstructionist, but he thought the present ordinance in a crude state. The first question to be examined, he thought, was whether the offer made by the men owning land around Lake Merritt was a liberal one. The Adams estate, he contended, would be benefitted a half a million dollars by the improvement, and for this great benefit the city is to receive a mud flat. He did not, however, want to be quoted as opposed to the improvement of Lake Merritt. The Adams heirs have also made it a condition that the city shall relinquish its claim to 105 feet of the Twelfth street dam, which has already been declared a public highway. It is confided with one man to make the arrangements with the city, and unless he gets what he wants the proposition will fall through. It is intended to have the boulevard three miles in length and built from the base. This would take a great deal of rock and the quarry companies would charge what they pleased for the rock. The question is one of such vast magnitude to the whole city that it should not be rushed through until the proposition is carefully examined. He was aware that the improvement of the lake is necessary, both for a pleasure ground and for flushing the sewers. He had conferred with Mr. Adams and knew just what he would do in the matter. He thought the ordinance was too crude in its present shape.

Councilman Camron said that he was surprised at the speech of the gentleman from the Seventh ward. He lives in a district where the stench and smell from the lake permeates the air 302 days in the year. The question of the Twelfth street dam was one foreign to the issue. The Adams heirs propose to give 300 feet of land adjoining Twelfth, near Fallon. The proposition tonight is simply to declare the land necessary for a boulevard. After that is done an agreement can be entered into with the parties and the city will hold the whip in hand. If we do not get what we want we need not appropriate a cent for the boulevard. If it is intended to take the land by condemnation the city might fight until we are grey. "I want to see this boulevard constructed while I live," said Mr. Camron. "When men come to you and say 'we will give you a deed to this property,' it is a much easier way to get a boulevard than by condemnation. They propose to give us two acres of land near the Piedmont cable enginehouse, and people who ride on the cable can get off at this point and enjoy the boulevard. That is the spirit of liberality shown by these people, and we should meet them half way. We do not obligate ourselves to do anything; we simply declare that such property is needed for a boulevard. They propose to give us this property, provided we move in the matter within six years. I expect to live six years, and I expect to ride over that boulevard."

Councilman Hackett stated that Mr. Wakefield's argument was an old chestnut. He said that there is not a city in the Union if it had a body of water like Lake Merritt but would beautify it. The speaker had visited San Jose recently, and was surprised at the enterprise shown by the people of that city. "Why, Oakland is asleep," said Mr. Hackett, "and perhaps it would be better for the city if some of these rich fellows would die. We must make a start in this matter and the people will forgive us for some of our past faults. I believe that these young fellows intend to do something. I hope and I trust that the city will beautify that lake. They say that the rich people will drive around the boulevard. I am not rich, and I don't expect to be, but I expect to go around the boulevard just the same. I am willing to stand in for Irish in improving his mud flats. That's a hobby of his and I'll stand in with him. I don't care for one ward; I want to legislate for the city. When I went down to San Jose I heard Mayor Glascock make a speech, and he said we didn't have any progress in Oakland. They wanted me to make a speech, but I was afraid I might say something unpleasant about the Mayor. I told Mrs. C. O. Pierce that the Mayor was the one that is asleep, and she told somebody else, and it got all around, and I guess the Mayor heard it. I hope we will take hold of this matter and do what we can."

Councilman Collins said that there was to be a commencement in this work. The proposition now is to declare what land is necessary for a boulevard. This is the first step towards the proposition to build a boulevard. There is to be no money expended at this time. I understand that nearly all the property owners have agreed to the line set out in this ordinance. "I believe it right and proper at this time to pass the ordinance," said Mr. Collins. The Adams estate has been exceedingly liberal in this boulevard proposition. The action we take tonight does not obligate the Council to bond the city or spend a cent.

Councilman Wakefield remarked, that in voting for the passage of the ordinance tonight, he desired it understood that he did not commit himself concerning further action in the matter. He could not see any liberality on the part of the donors.

Councilman Kirk stated that he was glad to see his colleague decide to vote for the ordinance, as he was carrying out the wishes of the people of the Seventh ward, the Second ward, the Third ward, and, in fact, the whole city.

The ordinance was then finally passed by a unanimous vote.

An ordinance determining the lands necessary for a water park was also unanimously passed.

HOLES FOR THE MICE.

School Directors Object to a New Building.

CRITICISM OF THE CONTRACTORS.

Acceptance of the Addition to the Durant School Delayed Until an Investigation is Made.

The City Board of Education held a meeting at the City Hall last evening. There were present Directors Carrington, Parker, Sanborn, Morgan, Fine, Clement, Walcott, Cantrand, Everett and President Fish.

Mrs. Katherine B. Fisher wrote from New York asking that her leave of absence be extended to October 1st and the application was granted.

Harmon & Sears wrote asking a share of the school insurance which they wished placed in companies represented by them. The communication was placed on file.

Mrs. H. C. Larkin was granted an extension of one month, or until the 22d of September to resume her duties in the School Department, as she has important business to attend to in Ontario.

The following was received from the Board of Public Works.

To the Honorable the Board of Education—GENTLEMEN: At a special meeting of the Board of Public Works, held this day (Monday, August 25, 1890,), I was directed to inform your honorable body of the completion of the addition of six rooms to the Durant school building by Grossman & Brown, contractors, in accordance with the plans and specifications for said work, and hand you herewith a copy of the architect's certificate approving of the same. It will be necessary for your honorable body to accept said work, if satisfactory to you, in order that the demand for the fourth payment upon the contract, which is due upon the completion of the building, may be approved by this board, as provided by contract, and the work accepted as provided by law. Awaiting the action of your honorable body, I remain,

C. L. DAM,
Secretary.

This communication stirred up a lively discussion, and for a time it looked hard for the contractors. Director Fine charged that the work was of the worst order. The floors were of rough boards, the wainscotting was also rough, he said, and there were holes all around that a mouse could run through. He did not believe the work should be accepted until it had been completed strictly according to contract.

Mr. Clement said he was in favor of compelling the contractors to live up to their contract, but he did not know what it would become of the building if the board refused to accept it. He thought as it is on the city's property the city might use it.

Director Clement was in favor of allowing the contractors to collect their money by authority of the certificate of the Board of Public Works and thus relieve the Board of Education of the responsibility. The motion was accepted by six ayes, Directors Clement and Cantrand voting no and others declining to vote.

Then Dr. Fine moved to reconsider, and his motion was carried.

The matter was then referred to a committee of the whole that will meet on Wednesday evening next to decide what to do about the building.

The Classification Committee reported in favor of allowing Miss Smith to continue in her position at the Clawson School until the next meeting, and a motion to that effect was carried.

Director Fine of the Committee on Schoolhouses and Sites, recommended that the entire roof of the Durant school be repainted to conform with the addition recently built, the cost not to exceed $30. Granted.

He also recommended that a bituminous rock sidewalk be laid on the Linden street side of the Tompkins school, and an order was made to that effect.

Many requisitions were allowed on the recommendation of the Committee on Furniture and Supplies, and on motion of Director Clement, principals were ordered to file all their requisitions with the Superintendent not later than Saturday noon of each week.

Mrs. L. F. Fowler was granted a leave of absence of six weeks, dating from September 15th.

A rule was adopted requiring principals to make all their official orders in writing, also one to the effect that a three or six months' leave of absence would not be granted teachers, except at the beginning of a term, except for disability.

On motion of Dr. Fine, the East Oakland shop, which had been closed when Mr. Gleason came to Oakland, was ordered opened again for the pupils' use.

Miss Stone was chosen as a substitute for Mrs. Fowler during her absence, and after allowing the August salary warrants, the night watchman of the Oakland High school was discharged, as it is not believed he will be required until after September 1st.

Director Morgan of the High School Committee read the following report:

The High School Committee beg to report that the school is now thoroughly organized, and that for the balance of this term no changes will be necessary.

In looking forward to next term, however, the following conditions confront us:

The total seating capacity of the class-rooms amounts to 685 desks, and the rooms are now more crowded with desks than prudence would warrant. The present attendance of the school is 585 pupils, of whom eighty eight are non-residents.

The Senior A Class, which will graduate at the close of this term, numbers thirty nine pupils. A careful canvass of the B Ninth grades in the various grammar schools discloses the fact that there will be some 130 applying for admission to the High school at the commencement of next term.

To recapitulate, we have:

Present attendance	585
New pupils, Jan. 2, 1891, say	130
Total	715
New graduates, Dec., 1890	89
Number to seat	626
Number of desks available	685
Leaving without accommodation	71

The only apparent alternative will be to exclude all non-resident pupils at the commencement of next term. Your committee would recommend, however, that an exception be made in regard to the non-resident pupils at present in the senior B class, numbering twelve, as there will be only one seat required for this class of twelve pupils, and these must be accommodated at present. Deducting these twelve pupils from the eighty-eight non-residents would leave sixty-six, or precisely the number which could not be accommodated. From the foregoing it is self-evident that the extreme limit of the present school building will have been reached, even for resident pupils, and that, unless the department is provided with funds to erect a new and larger building, hereafter many will be deprived of the advantages of a High school education.

Action on the report was postponed for one week, as President Fish, Director Clement, and Superintendent McClymonds were opposed to excluding anyone.

The following bills were ordered paid: J. E. Corder, $111 10; W. S. Smith & Co., $190 45, $17 41, $133 70; Oakland Gurney Cab and Delivery Company, $2 50; C. L. Maxwell, $3 50; Sunset Telephone and Telegraph Company, $7 65; Western Union Telegraph Company, $1; Contra Costa Water Company, $289 60; Oakland Gas, Light and Heat Company, $13 17; W. H. Mikkelsen, $21; Sturm & Leitch, $2; The Sun Insurance Company of California, $6 50; S. T. Moore, $7 50; W. B. Hardy, $20 07; Bart Morgan & Company, $82 42; M. S. Smith & Company, $11 85, $139 73; C. T. H. Palmer, $110 85; H. E. Jones, $1153 50; E. M. Derby & Co., $23 52; Robert Brown, $45 50; Ross Morgan, $24; Thomas Cowell, $24; Victor H. Wells, $24 50; John B. Skinner, $7; Edward Hogan, $37 50; E. Cavanaugh, $92 65; Taylor & Co., $234 11; J. Brown, $70; J. Wadsworth, $59; Charles D. Proctor, $34; Oakland Gas, Light and Heat Co., $26 80, $4 25; E. M. Derby & Co., $10 50; J. N. Bonham, $129; Humboldt Lumber Co., $8 41; Patrick McCloskey, $10; M. S. Smith & Co., $55 33; Bart Morgan & Co., $184 91; Sturm & Leitch, $17; Bart Morgan & Co., $22 38; M. De La Montanya, $00 70; William H. Brown, $3; Bart Morgan & Co., $66 08.

The following bills were ordered paid, subject to the approval of the Board of Public Works: Victor H. Wells, $21; John B. Skinner, $17 50; James Carlin, $75; W. F. Gladding, $40 25.

Then the Board adjourned for one week.

THE EASTERN END.

What Happens During a Day in East Oakland.

The Franklin School is being re-shingled.

John Hogarty has joined the campers at Sunol.

John Mulgrew left this morning on a trip to springs in Lake county.

Nineteenth street is being graded from Eighth to Tenth avenues.

TUESDAY. .... AUGUST 26, 1890.

Mr. Barker's Figures.

In a communication to THE TRIBUNE, yesterday, ex-Councilman Barker contrasts the estimates of municipal expenses for the coming year with the expenditures during the years from 1881 to 1886, inclusive, and he draws the conclusion that it is time to call a halt. Mr. Barker has selected for comparison a period when taxation was unusually light, the average levy for the six years in question being a fraction over 60 cents. If, on the other hand, we take the levies for the period of five years from 1879 to 1883, inclusive, we find that they average a fraction over $1 07 for every several year of the five. If we take the period of ten years from 1879 to 1888, inclusive, which comprises the two periods of high and low taxation, we find that the average levy is a fraction over 97 cents, which is not very far from what we expect to pay for the coming year. When we consider, moreover, that the apparently low taxation of the period chosen by Mr. Barker was maintained by a total neglect of the Bond Redemption Fund, and that we are now compelled to make provision for this debt, it will be seen that the municipal expenditures proper can scarcely be said to fall more heavily on the taxpayer now than [illegible] in the period of ten years preceding 1887. Moreover, in the period of low taxation, selected by Mr. Barker, scarcely anything was done in the way of permanent improvement, and the departments were allowed to run down to the lowest point. Even then the city was not always able to pay its debts. There was usually a deficit at the end of the fiscal year, and, one summer, as Mr. Barker will remember, the city went without street lights and street sprinkling for a considerable period. Mr. Barker's method of comparison is misleading in another way. He compares the total expenditures instead of the levies, as we have done, and he has wholly omitted to notice the fact that since 1886 the valuation of the city has increased over $[illegible]. The city has increased in population and wealth, and, consequently, has larger municipal requirements, being, at the same time, able to pay for them without a relative increase of the rate of taxation.

We believe we have demonstrated that Mr. Barker's comparisons are, to a certain extent, misleading, but, in fact, we do not believe that comparisons of any sort are a true test in matters of this sort. The actual needs of the city should be considered without reference to what was spent in former years, and as no man is more competent to criticise proposed expenditures for such purposes than Mr. Barker, we shall be glad to hear any suggestions he may have to offer.

SENATOR SAXTON of New York, who introduced the Australian Ballot law in that State, undertook to explain to the people assembled at Chautauqua the other day the features of the law which will have its first trial at the coming election. In opening he said:

"Professional politicians," he said, "have suspended their usual vocation of fixing [illegible] enough to consider the effect the new Ballot Reform law is likely to produce upon their business. They can't like the outlook, but they reached the conclusion some time ago that it was best to refrain from acts of open hostility. With their usual shiftiness they have even turned the agitation to their political advantage by making ballot reform a party question, and at the same time using every effort to defeat it."

These remarks have singular pertinence in California at this time. We find the San Jose Convention including in its platform a plank devoted to the merits of the Australian Ballot system, and when we reflect that the adoption of such a reform would mean the permanent defeat of the Democratic party in San Francisco we can understand how sincere is the declaration. If the Australian Ballot system is ever introduced in California it will be done by the Republicans, after the hardest kind of a fight with the Democrats.

SPEAKING of the San Jose convention, the Santa Cruz *Surf* goes into ecstacies, thus:

The most sublime spectacle on this earth, if an invisible force can be called a spectacle, is the expression of the will of the people through the ballot. The Democracy of California believed that M. [illegible] of San Francisco was the best man for Governor of the State, and no amount of persuasion or personal effort could swerve them from that conviction.

And what sort of spectacle is the expression of the will of Chris Buckley by an obedient convention. It was visible enough, but scarcely sublime.

A NEW use has been found for Behring sea. Hitherto, it has been known chiefly as the place of pursuit of the fur seal, and the cause of international unpleasantness, but now a Paso Robles lawyer—name of Samuel B. Irwin—having borrowed $250 from his friends, has gone there to sober up. There are those who have accused this melancholy ocean of being a *mare clausum*, but nobody has, until now, suspected it of being a Home for Inebriates besides.

The Civilizing Influence of Tobacco

It is possible that you may not know the important part which tobacco has played in the redemption of America, from the clutch of the barbarian, and if you do not know this, it is worth while to read what Professor N. S. Shaler has to say on the subject in the September *Scribner*. The writer s.

The development of the American colonies, their rapid growth in the century preceding the American revolution, depended in a large measure on a botanical accident, viz., on the introduction of tobacco into the commerce of the world. No contribution from newly discovered lands has ever been so welcomed as this so-called noxious weed. No new faith has ever travelled so fast and far among men as the habit of smoking. In scarce a century from the first introduction of the plant in Europe, its use has spread to nearly half the people of the old world. The eastern coast of America, from the Hudson southward to South Carolina, is peculiarly well suited for the growth of the tobacco plant, and the rapid extension of the British colonies in America, which brought their population, at the time of the Revolution, to a point where they numbered about one-sixth part of the English people, was largely due to the commerce which rested upon the use of this plant.

It is clear that there is considerable material for a thesis on the civilizing influences of whisky and tobacco. Thus in Africa to-day, we see civilization advancing with the Bible in one hand and a bottle of rum in the other, and now we are told that America was in a large, part redeemed, regenerated, and disenthralled, by the influence of the other twin evil.

The unanimous passage by the City Council last night of the ordinance fixing the lines of the proposed boulevard around Lake Merritt, is simply an expression of the public sentiment on this question, which is unanimous for the plan of improvement outlined. We have no doubt that Mayor Glascock will at once affix his signature to the bill.

CURRENT POLITICS.

John Daggett of Siskiyou has been elected temporary chairman of the Democratic State Central Committee.

John Armstrong has announced himself as a candidate for the Republican nomination for Roadmaster of Murray district.—*Livermore Herald.*

A. C. Vandervoort of Pleasanton, is a candidate for the Republican nomination for Public administration.—*Livermore Herald.*

W. D. English, Charles McCleverty, and Frank J. Moffitt of Oakland, and N. C. Carnall of Alameda are members of the new Executive Committee of the Democratic State Central Committee.

The name of Charles H. McGreevy, when proposed for membership in the Democratic State Central Committee, yesterday, was objected to by Jere Driscoll, on the ground that he is a member of the anti-Buckley Democracy.

James V. Coleman is spoken of as a possible opponent of W. W. Morrow, as the Democratic nominee for Congress in the Fourth District. In order to do this he would have to change his residence from San Mateo to San Francisco.

At Republican district conventions held last night, W. W. Morrow was renominated for Congress; J. M. Litchfield was nominated for Railroad Commissioner for the Second District and J. S. Swan for Member of the Board of Equalization, First District. The Executive Republicans will appoint a Committee of One Hundred for the campaign.

The Visalia *Delta* repeats a good story on Judge George A. Nourse of Fresno, told by himself. He said he had met a well-known politician recently, but couldn't remember his cognomen, and was greatly annoyed at his lapse of memory. He determined to gain the politician's name by strategy and with that end in view, he said: "How do you spell your last name?" and the answer came back: "S-m-i-t-h"

Niles and adjacent towns are rallying around the standard of the local candidate for County Superintendent of Schools, Mrs. L. E. Thane, who says she is in the fight to stay, and, if possible, to win. Mrs. Thane is a staunch Republican. She is the lady member of the Board of School Trustees of the Niles district, and was elected over a [illegible] competitor in the most exciting school election ever held in the district, a remarkably full vote having been polled. Since going into office Mrs. Thane has shown herself actively progressive. To her efforts is largely due the erection of the splendid new schoolhouse in the district. She is a graduate of Mills Seminary, is an accomplished musician, and has had some experience as a teacher. Her father, Judge Tilden, sat on the bench in Calaveras and Amador counties, was one of the Alabama Claims Commission during President Grant's administration, and served a term or two as President of the San Francisco Board of Education. Her brother, Charles L. Tilden, is a well known attorney of San Francisco, a graduate of the state University, and a prominent Native Son.—*Irvington Express.*

MRS. BILLINGS, 2807 Jessie Street.

Mrs. Annie Billings, resides at 2807 Jessie Street, San Francisco. She made this remark to a reporter the other evening:

"One good turn deserves another."

This was the preface of her talk relative to the great relief she obtained from THE GAVI CALIFORNIA FEMALE [illegible] PILLS, which cured her of suppressed menstruation.

Turning to her mother, who is a pleasant old lady, Mrs. Billings said:

"I was more dead than alive until I used the Pills, wasn't I mother?" Mrs. Billings requested in what her daughter said.

Send a stamp for pamphlet. Price per box, $2.50. The Gavi medicine sent securely by mail on receipt of price.

ATTORNEYS AWAY.

The Annexation Suit Not Yet Set for Trial.

AWAITING THE RETURN OF LAWYERS.

Warren Olney in Europe and W. H. Chickering in New York—A Chinese Lottery Man.

Now that a statement of facts has been agreed upon between the counsel in the suit of the People ex rel. Edson F. Adams against the City of Oakland it was supposed that the case would be set down for trial immediately. There seems, however, to be a little delay in setting the case for trial. Warren Olney, who is employed as associate counsel by the city has been traveling in Europe and is not expected to return to Oakland until September 10th. His partner, W. H. Chickering, is now in New York on a short business trip. City Attorney Johnson states that probably no steps will be taken to set the case for trial until the return of Mr. Olney.

EXTRAORDINARY SERVICES.

Attorney Yule's Claim Against the Estate of C. J. Stevens.

Attorney John Yule and Attorney John R. Glascock had a little tilt before Judge Gibson, yesterday afternoon. Mr. Yule is administrator of the estate of C. J. Stevens, deceased, and recently filed his account, and is now desirous of closing up the affairs of the estate. He has presented a claim for $2500 for extraordinary services as administrator, and this is what Attorney Glascock objected to, representing a son of the decedent. Mr. Yule asserts that he found the business affairs of Stevens very much tangled, and it took a vast amount of work to straighten matters out. He was compelled to bring two different suits to foreclose mortgages, both of which were contested. In these suits he employed counsel to assist him, paying therefor the sum of $500 out of the estate. His commissions as administrator amount to $2754. Mr. Yule claims that he assisted as counsel in the suits in question, and should be rewarded for his services. "The services were worth $1000," said Mr. Yule.

"You say the services were worth $1000, and you paid Rhodes Borden, the attorney who prosecuted the suit, $200," remarked Mr. Glascock.

After a lively tilt between counsel, Mr. Glascock offered to allow Mr. Yule $250 for extraordinary services, but no more.

Mr. Yule demands the full amount of his claim, so the matter will be submitted to the court on briefs.

AH SUM'S OATH.

He May Explain His Conduct to a Superior Court Jury.

When Ah Sum was hauled up in the Police Court to answer to a charge of selling lottery tickets, John Ferrin the informer, swore positively that the defendant sold him a Chinese lottery ticket. Little Ah Sum then waltzed up on the witness stand and positively denied the statement made by Ferrin. That is why he is in the Superior Court to-day, to answer to a charge of perjury. Considerable trouble was experienced in getting a jury, owing to the fact that some of the jurors would not give the testimony of a Chinaman the same consideration as that of a white man. M. C. Chapman will endeavor to impress the jury of the innocence of Ah Sum, while Lin S. Church will try to put him in a place where he will have to wear stripes.

They Have New Officers.

The Directors of the Washington Coal and Lumber Company, held a meeting at the office of J. L. Davie, 934 Washington street yesterday afternoon and elected the following officers: C. E. Elliott, President; J. K. Marsh, Vice-President; J. L. Davie, Secretary; California Bank and Trust Company, Treasurer; W. T. Halliday, Manager.

The company has extensive mining interests in Washington and intends to supply coal for the Oakland market.

Ready for the Heirs.

The estate of Flavia F. Brockway, deceased, is now ready for distribution. By the terms of the will of the deceased, Emeline C. Brockway will receive a house and lot at Berkeley; Louise W. Kellogg, wife of Martin Kellogg, $100; Mary F. Metcalf, wife of George D. Metcalf, $500, and the residue to her two daughters, Emeline C. Brockway and Mary F. Metcalf.

Orrin Simmons' Estate.

William J. Dingee, C. B. Overacker and W. R. Thomas have filed an inventory and appraisement of the estate of Orrin Simmons, deceased, and value it at $30,397. The entire estate is by will be preached to the widow of the deceased.

She Claims Title.

Mary F. Templeton has sued Emily N. Jordon, Constance Jordan, Gertrude Jordan, William, Allred and Helen Jordan to quiet title to a piece of property situated on East Twenty-eighth street and Thirteenth avenue.

An Insolvent Debtor.

D. C. Scanlon, the contractor, has been declared an insolvent debtor at the instance of his creditors. Scanlon made no contest to the petition to adjudicate him an insolvent.

Wants an Allowance.

Jeanne M. Junqua, widow of Urbian D. Junqua, has applied to the court to be granted an allowance of $50 a month to be paid out of the estate.

A Little Mortgage.

H. Levi has brought a suit against S. B. Warrington and wife to foreclose a mortgage of $350 on property situated on Filbert street, near Thirtieth street.

Mrs. Risdon's Estate.

REGISTRATION PROGRESSING.

Eleven Thousand Names Enrolled on the Great Register.

Are you registered? is the question which is being put to the electors of Oakland by the registration clerks, who are scouring the city to get names, for every name they secure means 7 cents. Yesterday two of the outside clerks presented two affidavits, for which they charged 7 cents each. They had registered themselves and had taken their own oath. The affidavits were rejected, however, and each of the clerks will have to make oath before a proper officer other than himself.

The registration at the Clerk's office is progressing finely, and up to date 11,090 names have been enrolled on the new Great Register. Mr. Boardman is of the opinion that there are about 18,030 electors in the county, and this leaves about 7000 voters yet to be registered. Registration will close on the 19th of October.

Overnight Drunks.

There were 15 drunk cases to be disposed of in the police court this morning, and Justice Henshaw rattled them off in quick order. The city received $42 by the operation. Seven of the individuals forfeiting bail in preference to standing trial.

Felix and Bello the two men arrested at the mole on Sunday, were likewise arraigned for drunkenness and stood trial, which resulted in their being adjudged guilty.

Infectious Diseases.

A case of scarlet fever at 1240 Center street, and a case of intermittent fever at 179 Ninth street, were reported to the Health Office this morning.

THE DEATH RECORD.

August 24th—Baby Edward, aged 10 days, place of residence 1670 Taylor street, cause of death, morbus ceruleus.

THE BIRTH RECORD.

August 23—Son to Mr. and Mrs. W. Angus of Twelfth street and Third avenue.

"Time Tries all Things," and has proved that DR WISTAR'S BALSAM OF WILD CHERRY is the remedy *par excellence* for the cure of coughs, colds, croup, whooping-cough bronchitis, asthma, sore throat, and influenza. It cures coughs *instanter*, and even consumption yields to its magic influence.

Do Not Fail to Go.

The Pawnee Indian Medicine Company have opened this week with an exceptionally fine specialty entertainment embracing fine dancing, singing, acrobats, contortionists, and the noted Sioux Indians, American Bear and Eagle Elk, in their splendid rendition of war life and war dances. Don't fail to go and see them. Remember that the admission is free.

California Wines and Brandies.

A thoroughly trustworthy firm of dealers in California wines and brandies is composed of Messrs. Leonbard & Schaefer, whose place of business is at 1232 and 1234 San Pablo avenue. They make careful selection of fine wines for table use, and sell either at retail or wholesale. Leonhard & Schaefer also are agent for W. A. Gaines & Co.'s Private Stock Bourbon.

OAKLAND TOWNSHIP COMMUNITIES.

Things That Occur at the Site of the State University and Adjacent Towns and Villages.

BERKELEY, August 26, 1890.

W. T. Welcker has returned to town.

The School Directors will hold a meeting this evening.

The Masons will confer the third degree next Friday evening.

James Kenny is thinking of removing his plumbing establishment into larger quarters.

George W. Long has been confined to his bed for several days with rheumatism, but is now improving.

James Fielding and A. L. Warner have gone to Summit where they will work for the railroad company.

Miss Mary Mulorg returned yesterday from the southern part of the State, where she has been visiting for a few weeks.

Dr. J. A. D. Hutton has returned from Crater Lake, Klamath county, Or., where he has been spending a few weeks' vacation.

F. W. Wright has accepted the position of teacher of a school in Calaveras county, and will leave to take charge of the same the latter part of this week.

Harry Kelsey, of the firm of Kelsey Bros., will attend the Convention of the State Pharmaceutical Society, which takes place the latter part of this week at San Jose.

A large number of "preps" are studying at the several private academies in this town, preparatory to attending the matriculation examinations next month at the University.

Some young hoodlums did considerable damage in and about Clapp's Hall a few nights ago. They broke several windows and scattered a pile of lumber belonging to J. A. Boynton.

There is rumor of calling a mass meeting in the Odd Fellows' Hall for the purpose of discussing the electric light question. It is thought by some that a sufficient amount of money could be procured by subscriptions from property owners to run at least a part of the plant.

Robert Davis, who was assaulted by the Italians on Sunday last, was able to get out of doors last evening much to the surprise of the physicians. His head is badly bruised, but his condition is improving rapidly. Mr. Davis states that two of the Italians shot at him, but the bullets did not hit him.

Constable Fonzo measured the distance yesterday from the county line to the place where the five Italians assaulted Davis, and found that the crime was committed in Contra Costa county, and 388 yards from the line dividing the counties. According to the law the case can be tried in either county, since the offense was committed within 500 yards from the county line. Had it been committed a little further north the case would have to be tried at Martinez, much to the inconvenience of officers and and witnesses.

BERKELEY TOWN BUSINESS.

The Trustees Award Contracts and Grant a Liquor License.

BERKELEY, August 26, 1890.

The Town Board of Trustees of Berkeley met last evening, Trustee Thomas Landregan only being absent. A petition was received asking that Cedar street be graded and macadamized from Shattuck avenue to Spring street. It was ordered to take the usual course. Petitions were received for grading College Way from Shattuck avenue to Louisa street, and Delaware street from Shattuck avenue to Hamilton street. C. E. Wulfendinger applied for a saloon license, and the matter was referred to the License Committee. Michael Heffy was awarded the contract for laying a sidewalk on Tenth street and on Rose street. The protest against the proposed work on Josephine street was overruled as none of the protestants appeared. The License Committee reported favorably on E. O. Wulfendinger's application for a saloon license and the same was granted.

The Oakland Paving Company was awarded the contract for grading and macadamizing Durant avenue.

GOLDEN GATE REPUBLICANS.

Even Thus Early They May Nominate Delegates to the County Convention.

GOLDEN GATE, August 26, 1890.

The Club of '88 will hold a "jinks" party next Friday evening in Klinkner Hall.

J. O. Watkins is having the gum trees in front of his residence cut down. There are but a very few of these trees left on San Pablo avenue.

William O'Neil has ordered a large clock, which will be set in the cupola on his new building on the corner of San Pablo and Railroad avenues.

The Republican club will hold a meeting this evening in Klinkner Hall at 8 o'clock. Delegates to the county convention may be nominated. The primaries will take place two weeks from next Saturday, and some politicians are of the opinion that it is yet too early to make the nominations mentioned.

Telling the Truth

GENUINE merit is the best advertisement. We do not hesitate to affirm that SCHILLING'S BEST Spices and Extracts are the best and most economical—they are so. We fear no tests or trials—they prove themselves the best. Used by thousands—millions of packages sold annually—the sales steadily increase. Would this be so if they did not have the merits claimed? These very merits sell them. Try for yourself and be convinced.

SCHILLING'S BEST are always the richest—strongest—most economical. They are the ideal culinary supplies. Nature affords none better. They cost very little more than poorer goods, but they do much more—do it better—prove their value and economy. They are irresistible.

ADULTERATION!

CONSIDERING THE EXtent of adulteration in Drugs, the marvel is that people ever recover their health. Few Pharmacists are sufficiently careful to test the purity of their medicines before purchasing. Consequently, all sorts of impure articles are sold to them, and they never know the difference. We only buy after submitting samples to thorough pharmaceutical microscopical, and chemical tests. This enables us to guarantee the absolute purity of our drugs. As for our prices, everybody knows that they have never been, and cannot be beaten. Our reputation for selling the purest drugs at the very lowest rates has been well established, and will be maintained against all comers.

PEREMPTORY AUCTION!

SATURDAY, Sept. 6, 1890.

AT 2 P. M. On the Grounds

This magnificent tract is subdivided into 47 lots from 30 to 35 feet front by 110 to 125 feet in depth, on high ground, between Grove street and Telegraph avenue.

THE NEW ELECTRIC ROAD is now laid on Grove street, by this property, and will be running by November 1st.

The present Telegraph avenue horse-car line, (the owners of which are considering changing to an Electric or Cable line,) is within 300 feet; and Fortieth street is the main thoroughfare passing from Telegraph to San Pablo avenue and is 100 feet in width.

This property is in the direct line of improvement and must rapidly enchance in value; and no section offers greater inducements to those seeking convenient and healthful homesites.

TERMS: Only ⅓ cash; balance in three equal yearly payments, with interest at 8 per cent per annum.

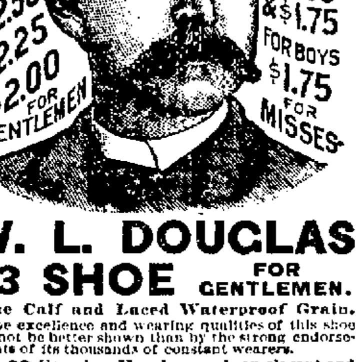

Do not fail to secure a catalogue and examine this elegant property before the day of sale.

To reach the property, take the Telegraph avenue street-cars from Fourteenth and Broadway, from which point the property is reached in about 7 minutes.

IN BIG SLICES.

How the Auditor Cuts Down the Estimates.

REDUCTION OF A QUARTER OF A MILLION.

The Auditor Believes in Spending Very Little Money for Improvements During the Year.

With the exception of Mr. Towle, who has not yet returned from his vacation in the East, there was a complete attendance of the City Councilmen when President Collins rapped the meeting to order last night.

The first business that came up was the introduction by Mr. Evans of an ordinance regulating the storage of hay and straw, prohibiting more than ten tons unless kept in a brick building situated at least 100 feet from any dwelling. The proposition was referred to the Ordinance and Judiciary Committee.

The ordinance authorizing the Board of Public Works to expend not more than $1774 in City Hall improvements was next read.

President Collins was not in favor of making any more appropriations until the Auditor had made his report.

Mr. Evans thought that the requests from some of the departments were exorbitant, noticeably those from the School and Fire departments. He did not think that other improvements should be retarded on this account.

The ordinance was passed to print.

Mr. Macdonald's ordinance establishing the salary of the City Numberer at $15 a month and defining his duties was then introduced.

Captain Hackett opposed the proposition. He thought that the city would swamp itself financially if it continued with its present expenditures. He said that the city was being run on a too high-toned basis, and that there was too much aristocracy business about it. He thought that the people would object to it, and if it were continued, the Councilmen would be kicked out of office when their terms expire.

Mr. Macdonald defended the City Numberer, but Mr. Wakefield did not favor increasing that official's salary in view of the fact that it has been $15 heretofore. The matter was finally referred to the Ordinance and Judiciary Committee.

So was an ordinance establishing the width of the sidewalks on Delger street and the ordinance establishing the official width of sidewalks on Twenty-first avenue, between East Twelfth and Twenty-first streets.

A communication from Chief of Police Tompkins asking for an additional appropriation of $3 0 for building a patrol house was next and a resolution by Mr. MacAvoy was read calling for the needed money and also calling for the Police and Fire Commissioners to furnish a permit to the members of the Council to visit the property so that it might act intelligently in the matter.

Mr. MacAvoy stated that by order of the Chief no one was allowed to enter the building now being constructed and the Councilmen were not permitted to inspect the work.

Mr. Hackett said that some one should be employed by the city who could do the work thoroughly and not in a slipshod manner. The Board of Public Works was drawing lots of money for attending to such business, and it should attend properly to its performance.

Mr. Evans said there was an easy way of getting at the whole business, and that was stopping of the whole appropriations for the Police Department. He for one would vote against giving a dime.

Mr. Brosnahan thought that there must certainly have been some misunderstanding about the matter. He thought that action ought to be deferred, and he moved that the whole affair be laid over.

Mr. Hackett was of like opinion, so Mr. Wakefield withdrew his seconding of the motion.

Mr. McAvoy, however, held his ground, and said that it was time that the City Council took some definite action in the matter. He understood that policemen were employed on the work of building, and he thought that they would be better engaged looking after burglars.

The motion that the matter be laid over was unanimously carried.

An ordinance establishing the official curb grade upon Fifteenth street, between Campbell and Peralta streets, was then referred to the Ordinance and Judiciary Committee.

It was recommended that first-class macadam be used in the work on Fourteenth street, from Clay street to Broadway, and that granite curbs be laid, except in such places where granite or cement curbs now exist.

The Auditor's Report.

Auditor Snow then read the following report on the city estimates:

Gentlemen: In compliance with section 134 of Article VIII of the Charter, I transmit herewith the estimates of the expenses of the city for the year 1890-91, as they have been furnished to me by the heads of departments. For your convenience, these estimates have been compiled, omissions have been added and duplications have been deducted. Copies for the use of each member of the Council are in the hands of your Clerk.

The estimated expenses of the departments aggregate $929,940. These estimates are proof of the zeal and forethought of the various departments of the city government, and any changes made in this office are made with sincere regret, and only to meet the exigencies of the case.

I have estimated the revenue of the city for the fiscal year as I am required to do. I find that from all sources we may expect to receive $257,180 income. To this I add $52,481, cash on hand July 1st and available for the expenses of this year.

To meet the expenses as estimated by the departments, it would be necessary to raise by taxation $620,298. To realize this amount from taxation it would require the unlawful levy of $1 58 upon each $100 of property within the city limits.

The present situation of the taxpayers of this city in relation to taxes is briefly this: Property is taxed for State and county purposes at the rate of $1 15 upon each $100 valuation. The improvements of streets, sidewalks, and sewers ordered and contemplated by your honorable body spread over a large portion of the city, and are to be paid for by direct assessment upon the property benefitted. This tax will probably amount to $250,000, and is more than 6 cents upon each $100 worth of property in the whole city of Oakland. Now to this special tax, authorized by this Council, add the levy for State and county purposes; and how shall this city government add a farther burden of more than $1 for municipal purposes?

Relief after this year from excessive State taxation is promised by all political parties. The improvement of streets and sidewalks, which, during your administration, has been enormous, will, probably, abate for a time after this year. It will be easy then, if necessary, to increase the tax levy next year to the full limit allowed by law, but this year it will impose too great a burden upon property owners.

Basing my action upon this conclusion, I have undertaken the task of reducing the department estimates of expenses from $929,940 to $702,304, or $227,636.

For your convenience I have made a second compilation of estimates in the form of the first, and which I make a part of this report. By comparison, you will notice the following reductions:

Fire Alarm and Police Telegraph	$ 7,563
Fire Department	54,473
Free Library	21,000
Health Department	24,000
Police Department	6,000
School Department	55,000
Streets	6,000
Sewers	1,300
Wharf improvement	9,000
Bond redemption	40,000
Total	$227,636

The Superintendent of the Fire Alarm and Police Telegraph estimates $4300 for maintenance, and $13,563 for re-construction and extension. The latter sum is reduced to $5700. The former remains.

The Chief of the Fire Department estimates $40,833 for maintenance, and $64,792 for increased facilities. The estimate for maintenance is not disturbed. You have purchased Chemical Engine No. 1, which is now stored. The estimate to put this engine in service is not disturbed. You have authorized the purchase of chemical engines for East and West Oakland. The estimate for the purchase of these engines remains, but they cannot be put in service until next year. The estimate for sixty new fire hydrants is reduced to thirty. That the tax levy may be within $1, the Fifteenth-street engine house, which you have authorized to be built for $18,000, cannot be erected this year. I have been able to find $1000 for raising and repairing the present house to make it habitable this winter, but I can find no more.

I am fully aware, from observation and report, of the necessity of a fund for a larger and stronger library building, but the department's estimate of $24,000 for this purpose is in this estimate, of necessity, set aside.

The Health Department renews its application this year for a hospital and garbage crematory, and I regret exceedingly that it is necessary to defer these things also. The estimate for possible contagious diseases is reduced a $0 0.

The estimate of the Chief of Police is for maintenance, five new patrolmen, and three mounted officers. My estimate makes no provision for the five patrolmen, and is therefore $000 lower than the estimate furnished by the department.

The estimate of the School Department for maintenance is not disturbed, except the amount estimated for stationery and supplies which being in excess of the amount expended for this purpose last year, I reduce from $000 to $4000. No greater necessity exists in any department of the city than that which is in the minds of the Board of Education when they ask you for $40,000 towards a school building on Lafayette square; but this amount, and the amount asked for the purpose of enlarging certain school lots, I do not place in my estimate, because this large sum of money cannot be raised at this time by tax levy. I am of the opinion that the citizens of Oakland are ready to vote for the issuance of bonds for the increase of school facilities, which cannot be paid for out of a tax levy not exceeding $1.

I reduce the estimate of the street Superintendent for streets and sewers $7,000.

The sum of $15,500 for wharf improvements is $9000 in excess of what can be afforded this year, and the department estimate is reduced so much.

The estimate for street lighting is sufficient, upon the condition that you instruct the company having the contract to light the city that only one-half of the electric lights recently ordered are to be lighted until later in the year.

Finally, the bond redemption estimate is reduced from $74,000 to $34,002. This reduction will necessitate the payment of 8 per cent interest on bonds for a while longer. The $34,002 now estimated cannot be again reduced.

My estimates, as they are compiled, show the per cent of levy necessary for each fund. Respectfully submitted.

R. W. SNOW, Auditor.

Mr. Hackett and Mr. Evans thought that the matter was one for thoughtful consideration, inasmuch as several innovations were made, some of them overriding the Mayor's propositions. He therefore moved that the Council, when it adjourned, do so until Wednesday next, and the Auditor's report be made a special order for that evening —a suggestion that was unanimously carried.

Ordinances.

The Ordinance and Judiciary Committee reported, recommending passage of the following ordinances:

Ordering the opening of Central avenue; ordering the opening of Clay street; ordering the opening of Twentieth street; regulating the acceptance of asphaltum streets.

The Judiciary Committee also approved the liquor license applications of P. Pegnam of Twenty-seventh and West, and of W. Peru.

A report from Health Officer Crowley asking for the appointment of a sanitary inspector was referred to the Ordinance and Judiciary Committee.

The ordinance ordering the opening of Clay street was referred back to the Ordinance and Judiciary Committee.

A like disposition was also made of the ordinance ordering the opening of Twentieth street, but Mr. Evans said that he wanted to substitute for the name of J. S. White, in connection with the work he had done as commissioner on some of the streets, and he thought that he should not be employed on other matters.

On motion of Mr. Macdonald the matter was referred back to the Ordinance and Judiciary Committee, with instructions to report.

Before this was done, however, Mr. Hackett spoke at some length on the subject. He said that charges had been made about a pool of attorneys, and he thought that they were correct. He hoped that everything would come out all right, but he thought that investigation could do no harm.

The proposition was amended so that the Ordinance and Judiciary Committee investigate and report to the next meeting of the Council.

The ordinance regulating the acceptance of public streets was passed to print.

Resolutions.

A resolution was passed granting permission to W. P. Slattery to conduct a saloon at 778 Third street.

It was resolved that the sum of $390 relief from the street assessment fund granted by the Council to August Manger be ordered paid from the General Fund.

A resolution was adopted setting for Monday, September 15th, at 9 P. M., the hearing of the objections to the confirmation of the report of the Commissioners regarding the opening of West street and ordering the City Clerk to give notice thereof as required by law.

It was resolved that the Auditing and Finance Committee be instructed to ascertain the lowest possible sum on which each and every department of the City government can be efficiently carried on through the present fiscal year, said committee to report as soon as possible.

By resolution, permission was granted to S. Richards to cut down the Eucalyptus trees on Central Avenue between Webster and Summit streets and between Central Avenue and Orchard street.

A resolution was next passed requesting the Contra Costa Company to change the location of the fire hydrant at the intersection of Harrison and Fourteenth streets from the northwest corner of said streets.

The resolution of intention to macadamize Third street, between Market and Oak streets, was rescinded.

The following resolution, introduced by Mr. Collins, was adopted:

WHEREAS, There is a gang of hoodlum boys that gather around the pond formed by the railroad embankment in the First ward, across which the city has iron stone sewers, and

WHEREAS, These sewers have become comparatively worthless through the lawless acts of the aforesaid hoodlums by breaking them in with heavy rock thrown violently thereon with malicious intent, the same having been witnessed by citizens living near by, but unable to obtain the names of the parties committing the act, therefore

Resolved, That the attention of the Board of Public Works is earnestly called to this subject, and they are hereby requested to use any and all means in their power or under their control or supervision to check this reckless destruction of city property.

The salaries for the month of August were ordered paid.

A resolution was introduced ordering an insurance of $2500 placed on the bell tower at the rear of the Fifteenth street engine house.

Councilman Hackett objected to the passage of the resolution, and said that it is absurd. The Fire Department is stationed right under it, and that's what they are paid for, to watch it. He said that there are many men graced with brass buttons around the hall. "In God's name, what are you trying to do?" said Mr. Hackett.

The resolution was passed.

The Board of Public Works was authorized to expend $453 to brace the Eighth street bridge.

The Board of Public Works was authorized to expend $300 for a windmill on the shore of Lake Merritt.

An ordinance was passed determining the grade of East Twenty-fourth street.

Rev. H. L. Chapman, pastor of the M. E. As soon as it became known that I had the medicine for free distribution, there began a great run on it, which continued until it was about all gone. Every one, so far as I heard from them, testified to its virtues, declaring it the best medicine for the purpose they had ever used. Those who got it shared it around with their neighbors, so that I am confident it was productive of great good. We used some of it ourselves and found it not only an excellent medicine for diarrhoea, but for all kinds of pain and uneasiness in the stomach and bowels. It has been regarded as the best medicine known here for the diseases it is recommended. For sale by Kirkland & Trowbridge.

Notice of Hearing the Appeal of W. H. Gould et al. in the Matter of the Assessment for Sewering Fallon Street From the South Line of Eighth Street to the South Line of Sixth Street.

PURSUANT TO STATUTE AND TO A motion of the Council of the City of Oakland, adopted August 18th, 1890.

Notice is hereby given, that Monday, the 1st day of September, A. D. 1890, at 9 o'clock P. M. of said day, at the Council Chamber, City Hall, Oakland, Cal., are the time and place fixed for hearing the appeal of W. H. Gould et al. in the matter of the assessment for sewering Fallon street, from the south line of 8th street to the south line of 6th street.

The following objections are made by the appellants, viz:

They are overcharged for sewer said on Fallon street, and that the said assessment is excessive and unjust.

Notice to Wood and Coal Dealers.

PURSUANT TO AN ORDER OF THE Board of Supervisors of Alameda County, California, duly made on the 18th day of August, 1890, public notice is hereby given that sealed proposals will be received by the undersigned at the office of the County Clerk of said county in the Hall of Records in Oakland, Cal., up to 12 o'clock M. of Monday, September 1st, 1890, for furnishing wood and coal to the County Infirmary, Court House, Jail, Receiving Hospital, and Hall of Records for one year.

Bidders must state at what price per ton they will furnish Wellington, [illegible], Coos Bay, American Anthracite, and [illegible] coal, per ton of [illegible] pounds, [illegible] to the Court House, Jail, Receiving Hospital and Hall of Records, and per [illegible] screened, for the County Infirmary; also state at what price per cord they will furnish live oak and pine wood for [illegible] long.

Bidders must separately state the price at which they will furnish the wood and coal to the Infirmary, and the contract for coal and wood will be separately let to the lowest bidder therefor and not to the lowest bidder for coal unless the bid of the same person be lowest on both articles. One contract will be let for supplying wood and coal to the Court House, Jail, Receiving Hospital, and Hall of Records, and another for supplying wood and coal to the County Infirmary, unless the contingency above provided for arises.

Bidders must state the price per ton for coal and per cord for wood, as above stated, at which they will furnish and deliver the same at such times and in such quantities as may be required.

Each bidder must accompany his proposal with a certified check for $200, drawn payable to the order of the County Clerk or by a deposit of said amount in gold coin as a guaranty that in case his proposal is accepted and the contract awarded to him he will enter into the necessary contract and bond within ten days after receiving notice of said award, and conditioned that if said bidder shall fail or neglect to enter into said contract and bond as above stated then the said sum shall be collected and paid into the County Treasury by said clerk as liquidated damages for such failure and neglect.

All claims accruing under said contract for fuel furnished to the Courthouse, Jail or Hall of Records, will be paid by warrants drawn on the County General Fund and all claims accruing under said contract for fuel furnished to the County Infirmary will be paid by warrants drawn on the County Infirmary Fund of Alameda county, which will be paid in the order of their presentation to or registration by the County Treasurer of said county.

The said board reserves the right to reject any or all bids as the public good may require.

Bidders can ascertain the probable quantities of the several kinds of coal and wood that will be required for the year by calling at the office of the clerk.

Clerk.

Oakland, Cal., August 19, 1890.

Notice to Contractors—Supplies to County Infirmary.

PURSUANT TO AN ORDER OF THE BOARD of Supervisors of Alameda County, California, duly made on August 18, 1890, public notice is hereby given that sealed proposals will be received by the undersigned at the office of the County Clerk of said county, in the Hall of Records in Oakland, Cal., up to 12 o'clock M. of Monday, September 1st, 1890, for furnishing groceries, dry goods and meat to the County Infirmary of said county for one year.

Bidders must name the several articles required, and the price at which they will deliver supplies at said infirmary at such times and in such quantities as may from time to time be required.

Lists of the articles and the probable quantity of each to be required may be had by applying to the clerk.

Each bidder must accompany his bid with a certified check for $300, drawn payable to the order of the County Clerk, or by a deposit of said amount in gold coin, as a guaranty that in case his proposal is accepted and the contract awarded to him he will enter into the necessary contract and bond within 10 days after receiving notice of said award, and conditioned that if the said bidder shall fail or neglect to enter into said contract and bond, as above stated, then the said sum shall be collected and paid into the County Treasury by said clerk as liquidated damages for such failure and neglect.

All claims accruing under said contracts will be paid up by warrants drawn on the County Infirmary fund of said county.

All bids must be indorsed "Proposals for Furnishing, Groceries, Dry Goods, or Meat (as the case may be) to the County Infirmary."

The board reserves the right to reject any or all bids as the public good may require.

CHAS. T. BOARDMAN,
Clerk.

Oakland, Cal., August 19, 1890.

A TIME PROBLEM.

When is Money Appropriated By the Council.

CORRESPONDENCE BETWEEN OFFICERS.

Auditor Snow's Note to Councilman Evans and the Councilman's Prompt Reply.

At a recent meeting of the City Council a little tiff occurred between Councilman Evans and Auditor Snow, and the Auditor started to leave the Council chamber because of remarks that were made by the Councilman. The following correspondence between the two gentlemen is interesting to all who have any concern with public affairs, and proves that no feeling of hostility remains:

MR. SNOW TO MR. EVANS.

AUDITOR'S OFFICE, CITY HALL, OAKLAND, August 20, 1890.

Friend T. Evans—You have a way of saying things which makes a man feel mean or mad, but we are both of us conscientiously looking out for the city, and *momentary outbreaks don't count.*

I couldn't see on Monday night nor can I now see, that simple authorization to the Board of Public Works to expend money, appropriates the money. I think that unless the ordinance of authorization is preceded or followed by another appropriating the money, the expense incurred under the special authorization cannot be met out of the funds of the year in which the work is performed.

So it looks to me. Perhaps my glass is smoked.

Yours, very truly, R. W. SNOW.

MR. EVANS TO MR. SNOW.

SAN FRANCISCO, August 2?, 1890.

Friend Snow—I was exceedingly sorry that you took umbrage at my review of the General Fund and your statements in relation to its condition. There was no discourtesy meant or intended, and I so stated when Captain Hackett spoke on the subject after you left the Council chamber. The debate took such a shape that I was compelled to bring to the front, in self defense, every legitimate argument I could command, and I don't think now that you have had time to cool down and calmly and judicially consider the matter that I overstepped the bounds in any sense. There are agencies at work, as you are, I doubt, well aware, to secure a loan of $——— for the Board of Education, which are utterly indifferent to the welfare of the educational department, and do not care a fig for the honor and integrity of the city or its representatives, and which are using the supposed necessities of the Garfield school to carry out their plans. And if these plans are consummated they will change front at once and employ the very arguments that I have used to prove that the General Fund of 1889-90 is exhausted, for the execution of their real design. It does not answer their purpose now to say that the loan of $9000 will exhaust it. To the contrary—it serves them best to say now that the money *authorized* to be spent by the Board of Public Works has not been *appropriated* and is, therefore, part of the surplus in the General Fund. I have always held too high an opinion of you as a private gentleman and public officer to think for one moment that you would, knowingly, aid or abet a measure which is intended, and which will carry with it, if consummated, a breach of faith on the part of the city and involve it possibly in unnecessary litigation. But the position you took Monday night, most unfortunately, it seemed to me, made you the instrument of these designing agencies for the consummation of their dishonest schemes.

Whether I am right or wrong on this point, I beg of you to let it pass. The question at issue between us now is this: Does an *authorization* to the Board of Public Works to spend a given sum of money *appropriate* the same? I am convinced that it does. I have held that opinion all along. From the informal statements you have made to us, from time to time, of the condition of the General Fund, of 1889-90, to guide us in making authorizations and to avoid exceeding the amount of money at command, I supposed (and I think I was reasonable in so supposing) that you took the same view of it. I could draw no other inference from these statements.

Permit me to illustrate in a homely way the status of an *authorization* of the kind under consideration, as I understand it: When you go to your tailor and say, "Mr. Blank, make me a suit of clothes to cost $100" have you not contracted a debt of $100 by the authorization? "Of course" you will reply. Now then, in my opinion, the Council is in precisely the same position when it authorizes the Board of Public Works to build for it an engine house, to cost a sum not to exceed $18,000, with this difference: When the Council incurs the obligation, it must provide the money for its payment from the revenues of the year in which the obligations are thus entered into, whereas you, as a private individual, may pay for the clothing you have ordered out of the revenues of any day, week, month or year you choose. If the city funds were not in a condition at the time of the authorization to incur such an obligation as the Council at the time entered into, what force would the law limiting public expenditures have? It could have none. The Council might, this year, burden its successor with obligations through authorizations to the Board of Public Works which that successor could not possibly meet, and the end would be repudiation or bankruptcy. Why then, you ask, do you not *appropriate* outright, instead of *authorize*? For the reason, I answer that a simple *authorization* accomplishes all that an *appropriation* can accomplish and something more. It enables the Board of Works, as the executive agent of the Council, to do the work for which the authorization is made, and allows it that discretionary power which the charter intended the Board of Public Works should enjoy, of exercising the strictest economy in the actual expenditure of money; and if, after the authorized work shall have been finished, a surplus of the money authorized to be spent remains, that surplus can be reported back by the Board of Public Works, and restored to the General Fund, to be devoted to such other uses as the Council may determine. If an absolute appropriation of a lump sum were made to the Board of Public Works, it would be incumbent on that body to spend it, and it would have no power to return any portion of it, and the responsibility of its expenditure, no matter how extravagantly spent, would rest upon the Council, and not on the Board of Public Works.

If the rule were different—if it were, as you stated, Monday night—that an authorization did not carry with it the obligation of expenditure until it was actually spent, and that, if authorized one year and spent in the next, the fiscal year in which it was spent, and not the one in which it was authorized to be spent, must be held responsible for its payment, I am afraid our finances would get into a dreadful muddle, and we might, by that method, discount the future *ad libitum*. The new fiscal year would be overwhelmed with obligations contracted, by *authorization*, at the close of the preceding fiscal year. There is no knowing where the evil of such a rule would end. It would bring about a condition of things worse and more dangerous to the welfare of the community than that condition of things which prevailed in California cities before the provision limiting municipal expenditures was adopted.

I hope I have made myself clear to you, and I trust that you will coincide that the view I take of the Council's actions, and the condition of the city's finances, justifies me in taking the positive position on the subject that I have taken. Assuming, however, that "authorization" may be construed as not meaning "appropriation," the position such a construction would place us in is such a doubtful and dangerous one that it would be the course of wisdom to avoid it, would it not?

Yours very truly, TALIESIN EVANS.

MR. EVANS TO MR SNOW AGAIN.

SAN FRANCISCO, August 26, 1890.

Friend Snow:—A mutual friend who has taken some interest in our little controversy over the question of authorizations and appropriations, and who is aware that some correspondence upon the subject has passed between us, expresses a strong desire to see the same published, as he and the public generally are entirely ignorant of its nature, from the vague reports published in the newspapers. If you have no objection I will hand your note to THE TRIBUNE for that purpose, trusting that you will do the same with my response to you. The subject is one of considerable public interest, as it has a direct bearing upon our method of disbursing the public money.

With great respect, I remain,

Yours very truly,

TALIESIN EVANS.

YOUNG TO WED.

Parties Who Consent to the Marriage of Minors.

A license has been issued authorizing the marriage of George R. Haynes, aged 19 years, a resident of San Francisco, and Sarah W. Deming, aged 16 years, a resident of Oakland. As the young couple are minors they could not secure the license without the consent of their parents or guardians. Mrs. Deming gave her consent to the marriage of her daughter, while the guardian of the young man also assented to the issuance of the license. The couple will be married tomorrow night.

A GOOD INVESTMENT.

Some Fine Business Property to be Sold Across the Bay.

A splendid opportunity will be offered investors on Monday next, to secure some of the most desirable business property in San Francisco. On that day, O'Farrell & Lang of 11 Montgomery street, San Francisco, will offer at public auction, 27 business lots fronting on Valencia, Sixteenth and Fifteenth streets and Julian avenue. The property in question is a portion of the estate of the late Thomas Varney and is in the centre of what will soon be a busy portion of the great metropolis. The terms of the sale are most reasonable and all taxes have been paid up to June, 1890, by the executors of the estate. Valencia street is the continuation of Market street, as to trade and is the main thoroughfare out of San Francisco in the direction which the city must grow. The sale will be without reserve and maps may be obtained from the auctioneers at 11 Montgomery street, Lick House Block.

FAMILIES not already supplied should lose no time in procuring a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is the only remedy that can always be depended upon for bowel complaint in all its forms. 25and 50 cent bottles for sale by Kirkland & Trowbridge.

NATURAL GAS.

Roaring Wells North of Lake Merritt—Gas in Abundance.

The wildest kind of excitement has created north of Oakland by discovery of natural gas in abundance on one of the ranches north of Lake Merritt. The gas vein was discovered while a farmer was boring an artesian well on his property, and when ignited the flame is over 80 feet high and burns with a roar that can be heard for miles. The well has been plugged and a number of others are being bored by way of experiment. Yesterday when the news reached Oakland a rush was made for the field and never since the gold excitement has there been such an exodus. This afternoon the neighborhood of the well resembles a tented army field and hundreds of derricks have been erected already in hopes of striking gas in large quantity. Geologists who have examined the ground say it abounds in petroleum and no doubt the discovery is a valuable one.

To-day thirty more men with their families went to the head of Lake Merritt and the People's Express and Transfer Company is having a busy day attending to their moving. Besides their general express and transfer business they make a specialty of wrecking baggage at your home to all parts of the world. Parties desiring to go to the new gas wells can summon a wagon through telephone 326, or at the office 423 Tenth street. A new well will be fired to-morrow afternoon at 2 o'clock.
